Sample Kits can be purchased from our website to create a 45 cm x 45 cm sample.

Custom quotes are available upon request to define delivery times and methods.

* All measurements are approximate; the cutting is hand-made, like the original floor designed by Carlo Scarpa.

Brief History:

Il The original floor designed by Architect Carlo Scarpa for the Olivetti store in Venice, inaugurated in 1958, features four shades: blends of the three primary colors, red, yellow and blue, plus a white blend.

Carlo Scarpa entrusted the production of the glass tesserae to the Donà family, renowned for their expertise in the production of smalti and gold for mosaics.

Even today, Mosaici Donà Murano preserves and renews this tradition, supplying tiles for floors inspired by Carlo Scarpa's style.
